

5 TIPS TO GET THE BEST

From Your Engagement Session

1

Get To Know Each Other

I will make sure that I get to know you both and you get to know me as well as possible. This will ultimately make you more relaxed.

2

Pick a Special Location

The more special the location is to you, the more personal and unique the images will be and those special memories and emotions will come back to you both.

3

Select The Right Outfit

If you are someone who likes to wear jeans and a hoodie then please wear jeans and a hoodie to your engagement session.

4

Make A Day Of It

If you have a trial run with your make-up artist or hairdresser then we can combine this and do it all on the one day. Why not go out for dinner before or after the engagement session?

5

Variety is Key

We can create variety in a number of ways, including picking a location well, change up the outfits slightly or try different "poses" to make you both laugh and smile.
